

29' Yacht Hampton Escape

29' Yacht Hampton Escape

Description

The 29' Yacht Hampton Escape is among our most chic and versatile day boats. The bowrider design allows it to be both spacious and comfortable. The Escape is a spectacle of fun and games at sea, with many entertainment options and seating areas, all wrapped up in the usable and functional Yacht Hampton design, where every inch is designed to make your time aboard free of obstacles.

The lightweight construction is fundamental for our boats to achieve superior performance and low consumption of fuel. The Escape consumes significantly less fuel than traditional boats and will be environmentally friendly within the watersport category even if choosing a modern gasoline engine. We use recycled plastics and bio-based hybrids to optimize the environmental impact and create the best fiberglass construction.
